

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

There were no Bank failures during the past year.

As reported last year, I have taken possession of three Banks for liquidation since this Department was created:

A dividend has been declared for the depositors of the Bank of Geneva, of 25 per cent on the first day of March, 1913.

UNIV. OF CHICAGO

EX

Hon. Charles Henderson,
Governor.

DEAR SIR:

I submit herewith my annual report covering the year ending September 30th, 1918, but including published reports from the banks on the call for statements as of Nov. 4th, 1918. All receipts and disbursements are shown herein, as required by the Act creating this Department.

Since the date of last report from this Department, one bank has been taken possession of for liquidation, to-wit:

Goodwater: Farmers & Merchants Bank.

We have permitted the following banks to voluntarily liquidate since the last report, requiring bonds to be given to properly protect creditors, to-wit:

Bridgeport: J. C. Jacobs Banking Co.
Larkinsville: Larkinsville Banking Co.
Clanton: First State Bank.
Vincent: Coosa Valley Bank.

Under Section 10 of the Act creating this Department, the following banks, liquidated, have unclaimed and unpaid deposits or dividends to the credit of this Department, drawing 4% interest, to-wit:

Peoples Savings & Investment Co., Jan. 28, 1914, $370.19, earned interest, $70.72.

Safety Bank & Realty Co., Jan. 13, 1916, $389.84, earned interest, $45.14.

Bank of Geneva, May 14, 1918, $160.61, earned interest, $2.67.

I respectfully call your attention to the following matters which I think should receive consideration by the next Legislature:

1. The Act creating this Department does not provide for a bank to voluntarily liquidate. In my opinion, the Act should provide ways and means for a bank to voluntarily liquidate, without being taken over by this Department, and incurring the expenses incident thereto.

2. Section 10 of the Act provides that funds remaining in the hands of the Superintendent of Banks, uncalled for, be placed in some State bank, at interest, to the credit of the Superintendent of Banks, in his official capacity, in trust for the several depositors in, and creditors of, the liquidated bank from which they were received. The Act does not limit the time such deposits are to be held, and as you will note above in the case of the Peoples Savings & Investment Co., the deposit has been held for nearly five years. In all probability, this fund will never be called for, and in time such deposits will become a burden to this Department to keep track of, as well as to the banks that hold the deposits. It is my opinion that after the funds are held for from three to five years, the same should be certified into the State treasury, and machinery should be provided through which the depositor may get his money, if he should ever demand it.

3. Article 10 of Chapter 69 of the Code provides that all corporations organized and operating as trust companies, should be amenable to the banking laws, and provides that they shall be examined by the bank examiners. The Attorney General holds that since the Act creating this Department was passed subsequent to the Code, that this Department has no supervision of trust companies, unless they are doing a banking business. For this reason, there is no supervision now of trust companies in Alabama. In my opinion, the Legislature should have their attention called to this defect. Now that trust companies in most of the States are under the supervision of the Banking Departments, in my opinion, it would be wise to better regulate such concerns and have them examined by this Department.

4. Since national banks are specifically authorized to accept customers' drafts, in my opinion, a law authorizing and regulating such acceptances by State banks should be passed by the incoming Legislature.

Respectfully submitted,

D. F. GREEN,
Superintendent of Banks.

SUPERINTENDENT OF BANKS

ALABAMA

Hon. Thomas E. Kilby,
Governor.

DEAR SIR:

I have the honor to submit herewith my Annual Report covering the year ending September 30th, 1919, but including published reports from the banks on the call for statement as of November 17th, 1919. All receipts and disbursements are shown herein up to September 30th, 1919, as required by the Act creating this Department.

I take pleasure in reporting that only one bank was taken possession of by this Department since the last Annual Report. That was the DeKalb County Bank of Fort Payne. However, I am pleased to advise you that this bank did not fail, and all creditors have been paid or are now being paid as rapidly as they call for their money, by an arrangement that I was able to make with the First National Bank of Fort Payne by consent of all the stockholders. I am pleased to state that the local stockholders have been paid 80% of their holdings.

It is very gratifying to me to be able to say that this report will show a most encouraging statement from the State banks. You will observe that the deposits have increased more than 30% during the year, and that the earnings of the banks have been proportionately great. The total resources of the banks now under my charge aggregate $135,648,933.06, as compared with $106,177,485.90 a year ago.

A year ago there were reporting to this Department 237 banks and trust companies, with 21 branches, making a total of 258 banks. During the year the following banks voluntarily liquidated:

The Nolen Bank, Alexander City.
DeKalb County Bank, Fort Payne.
Peoples Bank, Oxford.
Coosa County Bank, Rockford.

The following banks nationalized and thereby voluntarily liquidated:

Digitized by Google

Bank of Coffee Springs.
Farmers and Merchants Bank, Headland.
Colbert County Bank, Tuscumbia.

The following banks were granted charters and opened during the year:

The Alabama Bank and Trust Company, Cullman.
Pickens County State Bank, Carrollton.
Collinsville Savings Bank, Collinsville.
First State Bank, Childersburg.
Tuskegee Institute Savings Bank, Tuskegee.
Bank of Glenwood, Glenwood.
Bank of Newton, Newton.
Peoples Bank, Collinsville.
Bank of Maplesville.
Bank of Parrish, Parrish.
Farmers and Mechanics Bank, Mobile.
Bank of Excel, Excel.
Bank of Thorsby.

The said First State Bank of Childersburg is the same organization as the First National Bank of Childersburg, it having given up its national charter and opened as a State bank.

This makes 243 banks and 21 branch banks, a total of 264 banks and trust companies now reporting to and under this Department.

In addition I have granted charters to the following banks which have not yet opened for business:

Daphne State Bank, Daphne.
Realty-Industrial Bank, Mobile.
Bank of Verbena, Verbena.

I beg to also report that I have now pending 14 applications for banks in different parts of the State. Within a short while several of these will be granted charters, as I have already made the investigation and am only waiting for them to submit their certificates and make final proof.

Under Section 10 of the Act creating this Department, the following banks liquidated have unclaimed and unpaid deposits or dividends to the credit of this Department drawing 4%, to-wit:

Digitized by Google

Peoples Savings Bank and Investment Co., $370.19.
Safety Bank and Realty Co., $389.84.
Bank of Geneva, $160.61.
German Bank of Cullman, $237.22.
Citizens Bank of Calera, $124.12.

The money on deposit to the credit of the first two banks mentioned has been in my hands for more than three years, and just as soon as I can ascertain from the records and from the agents the names of the creditors, I will be ready to certify into the State Treasury the two amounts plus the earnings in interest since the money was placed to the credit of the Superintendent of Banks. The other three will not be ready to certify into the State Treasury for some time to come.

While the report submitted herewith shows that the total receipts of the Department for the year amounted to $4,382.18 less than the total disbursements, and while it has never been contemplated that this Department should be self-sustaining, I feel confident that the Amendment to the Banking Act passed at the last session of the Legislature will considerably reduce this difference in the receipts and disbursements, if not entirely wipe it out during the next year.

I feel that it is proper to call your attention to the fact that I am running the office without an office assistant for the present, and have been doing so since April first, in order to save the State all that it is possible to do and maintain the efficiency of the Department. However, the extra work required of my office in administering the Blue Sky Law and the opening of new banks may soon necessitate an office assistant or at least another stenographer.

Respectfully submitted,

D. F. GREEN,
Superintendent of Banks.

Honorable Thomas E. Kilby,
Governor,
Montgomery, Ala.

Dear Sir: I have the honor to submit herewith my annual report covering the year ending September 30, 1920, the report including published reports from banks on the call for statements as of October 22, 1920.

A year ago there were 243 banks with 21 branches reporting to this department. No banks have failed during the year, and there have been no voluntary liquidations, except that the following banks liquidated by selling their assets to national banks organized to take them over:

Bank of Opelika, Opelika, Ala.
First Bank of Fairfield, Fairfield, Ala.
Bank of Albertville, Albertville, Ala.
(Including branch of Albertville Bank at Arab, Ala.)

Upon his resignation as Superintendent of Banks, my predecessor, Honorable D. F. Green, reported that the following banks were granted charters by him and have opened for business since November 17, 1919, up to and including the date of his retirement from office on September 15, 1920:

First State Bank, Daphne, Ala.
Bank of Verbena, Verbena, Ala.
Farmers and Merchants Bank, Hartselle, Ala.
Bank of Ramer, Ramer, Ala.
Farmers and Merchants Bank, Ashford, Ala.
Loxley State Bank, Loxley, Ala.
Citizens Bank, Winfield, Ala.
Peoples Bank, Gilbertown, Ala.
Hodges State Bank, Hodges, Ala.
Bank of Slocomb, Slocomb, Ala.
Commercial Savings Bank, Guin, Ala.
Citizens State Bank of Vincent, Vincent, Ala.
Bank of Townley, Townley, Ala.

The Bank of Georgiana, Georgiana, Ala., was granted a charter by Mr. Green, but had not opened for business on September 15th. This bank was opened on October 2nd. This makes 254

banks with 20 branches, a total of 274 banks and trust companies now under the supervision of this Department.

Charters were granted to the Vina Banking Co., Vina, Ala., and Canoe Creek Bank, Ashville, Ala., prior to Sept. 15th. Since taking charge of the Department, I have granted a charter to the City Savings Bank of Selma, Selma, Ala. These three banks have not yet opened for business. Two or three applications for charters are pending, but I am unable to state at this time whether any of them will be granted.

Under section 10 of the Banking Laws, the following liquidated banks have unclaimed and unpaid deposits or dividends to the credit of this Department, drawing 4% interest:

Citizens Bank of Calera (interest since June 5, 1919, $124.12.

Bank of Geneva (interest since July 18th, 1918, $160.61.

Peoples Bank & Trust Co., Atmore (interest since Aug. 28, 1920, $51.66.

German Bank, Cullman (interest since Jan. 1st, 1919, $237.22.

During the year the following amounts that had been on deposit and unclaimed for a period of more than three years, was certified into the State treasury:

Safety Bank and Realty Co., Mobile, $461.56.

Peoples Investment & Savings Bank, Birmingham, $467.85.

Respectfully submitted,

H. H. MONTGOMERY,
Superintendent of Banks.
